Cherokee

Cherokee is a brand new hard rocking two-piece, who take huge slabs of Mudhoney grunge, deep fry it, and then throw it directly at your face whilst arsing about in silly hats. Drums crash, bass thunders, and vocals harangue. Great fun.

Elevant

Ravenous music obsessives from Liverpool who run a label and a band, incorporating a broad palette of flavours into our sound, drawing from psychedelia, hard rock, post-punk, doom, shoegaze, post hardcore, noise rock, krautrock, blues and pretty much anything else their minds turn to.

Lucy Leave

A punky trio who spice their fuzzy bursts of song with krautpop rhythms and psychedelic curlicues - as you might expect from a band who take their name from Syd Barrett. A few lo-fi indie nods, towards the likes of Pavement, complete a charming, enticing whole.
