APE

From the flames of erstwhile Oxford metal titans, Annero, APE rises. A Pretentious Experiment, embracing everything from noise music to thrash metal, old skool rock to nu metal and grindcore, and a bit of jazz and funk to boot. They've got a track called "The Mental And Possessed". Yep, that pretty sums it up. <http://www.facebook.com/thatbandape>

Tayne

Tayne is a London-based experimental noise pop outfit whose music is an aural assault that welds moody, atmospheric vocals, punishing guitars and overwhelming electronics to pulsating rhythms creating an intense listening experience. Check out their lipstick-smearred YouTube videos for some proper EBM/industrial pop action. <http://www.facebook.com/tayneband>

Deltaviolin

Ben Heaney has added sweet fiddle licks to Oxford country acts such as The Great Western Tears, and that's just great, but solo he's a very different beast indeed, wresting unexpected noises from his four strings, sometimes other-worldly, sometimes beautiful, sometimes frightening, sometimes like acid in your eardrums. <http://www.deltaviolin.com>
