Masterdog

Masterdog is a new band featuring Rus, guitarist from Phyal, Komrad, and a whole bunch of other great Oxford heavy noiseniks. As you might imagine, their sound is built around stoner grooves and grunge workouts, with just the right balance of humour and menace. www.facebook.com/MasterdogBand

Moyzesh

As usual, our middle slot is given to someone from outside Oxfordshire. But exactly where outside, we can't tell you, because Moyzesh is a "weird bass art pop improvised fusion music purple alien", according to them, anyway. We can well believe it, as Moyzesh is an intergalactic mixture of Beck, Suquarepusher, Jimi Tenor, and k-pop. An act that the punters will remember, we suspect. www.youtube.com/@MoyzeshYT

Doctor Steevo

Doctor Steevo is a French resident of Oxford, who has been making friends with his lightly gothic electropop for a few years. As he puts, it, "Experimenting outside the box with different genres and types of music I blend sounds that stimulate the mind and move the body"; as Music News put it "Doctor Steevo pushes the norms of EDM by syncopating samples to unusual rhythms". www.facebook.com/doctorsteevo
