Wilderness States

Ideal Marriage were a great Oxford band, but alas they are no more. But, new quintet Wilderness States features a member or two, and they make music which is delicate, emotive, and haunting. Expect something gently euphoric and softly uplifting. www.instagram.com/wildernessstatesband/

Niche Crush

This duo from Margate and Merthyr bring pop of a very different nature, with oddball fizz and sprightly bounce. Steve Lamaqc said they were "fantastically indie", and he should know!

Sad Cat

A new electronica project convened by poet Steve Larkin, who has performed previously for GTI solo and with his world-folk-prog-nonsense band, Inflatable Buddha. Steve is the man behind the long-running slam poetry event Hammer & Tongue, a former International Slam Champion, and curator of the solar-powered bike-pulled festival stage Cyc De Soleil (which you have to admit is a brilliant pun). "The resurrection of the oral tradition in the technological age is advanced in the capable hands of Steve Larkin" - Kae Tempest
